Water Wellness

Water quality is greatly compromised today, not only by different types of pollution, but also by the cumulative effects of made stresses that rob it of freshness and vitality. The tap water that we receive at home is run through pumping stations, lead pipes, and is highly chlorinated.

Water is essential for live, playing a crucial role in virtually every bodily function. Water does more than sustain life; it can actually improve our health, our fitness, and even our appearance.

A 3 stage water filtration and energization system using AMized® Fusion Technology

The Amega AMWater System, using our innovative proprietary AMized® Fusion Technology, is able to purify and transform our normal unstructured tap water back to its original pure crystalline water, highly energized with life force energy.

As a general guideline, the average person should drink between 1.5 and 2.5 litres (about 1.5 – 2.5 quarts) every day to replace the bodily fluids normally lost throughout the day.

The 3-Step AMWater Process

STEP 1 – Ceramic Filtration

STEP 2 – Carbon Treatment Purification

STEP 3 – Vitalization

The Amega AMWater Benefits can include:-

- AMWater system destroys more than 99.99% of waterborne, disease-causing bacteria and virus.
- AMWater helps protect against a variety of ailments like cold, constipation and urinary infections
- AMWater helps in body hydration by increasing nutrients delivery
- AMWater has an optimal Ph level (7.2 to 7.6)
- AMWater has anti-oxidant power
